

Two Exclusive Cuvées from the Terroir of Vertus « Les Monts Ferrés » & « La Justice »

Dear Sir or Madam,

We are pleased to introduce two confidential cuvées, crafted from exceptional lieux-dits within our Premier Cru vineyard in Vertus:

"Les Monts Ferrés" and **"La Justice"**.

This project became possible following the expansion of our vineyard a few years ago, allowing us to create these cuvées without compromising the balance of our existing range.

Born of precise work and a deep attachment to our terroir, these wines have been vinified separately to highlight the unique identity of each plot.

- **"Les Monts Ferrés"** reveals aromatic richness and generous depth, shaped by its full southern exposure.
- **"La Justice"**, in contrast, offers a purer, more linear expression, marked by salinity and tension.

Together, they offer an **authentic and complete story of the Vertus terroir**. Produced in **very limited quantities**, these cuvées are **intended for a selection of star-rated gastronomic restaurants**, with exclusivity granted by city or defined area. The idea is to provide sommeliers with a true **terroir story** to share with curious and passionate wine lovers.

Should you wish to discover these wines or learn more about the conditions of exclusivity, we would be delighted to speak with you, either in person or over a tasting.

We remain at your disposal,

With our best regards,

Charles & Fourny
